

Getting started using EZ Graphics !

- EZ Graphics requires that you have Microsoft Visio and Excel to utilize all of its features.
 - Some features can be used with just Excel
- Download the EZ Graphics installation program, templates, and stencils from links below:
• [Installation Program](#), [Templates](#), [Validated Stencils](#), [Coming Soon Stencils](#)
- Download the Getting Started with EZ Graphics video at: [Getting Started Video](#)
- If you want to view the EZ Graphics Image catalog in Windows Explorer download the images here: [EZ Graphics Image Catalog in png format](#)
- Review the EZ Graphics documentation: [EZ Graphics User Guide](#), [EZ Graphics FAQ](#)
- Join the EZ Graphics Developer Community
 - EZ Graphics User Group Meetings every Friday @ 2:00 pm eastern
 - GotoMeeting Meeting ID: 141-894-474
- Send questions to EZSupport@controlgraphics.com
